WELCOME MESSAGE

Dear Valued Industry Partners, distinguished delegates,
and friends,

It is our great pleasure to warmly welcome you to the Urological Association of Asia (UAA) Congress 2027, to be held at the Centara Grand & Bangkok Convention Centre at Central World in Bangkok. Under the theme “Unified Diversity for the Greatness of Asian Urology,” this congress will bring together urology professionals, industry partners, and pharmaceutical representatives from across Asia and beyond, united by a shared commitment to advancing urologic care and improving patient outcomes through collaboration, diversity, and innovation. It will serve as a valuable platform for exchanging knowledge, discussing emerging trends, and strengthening partnerships across Asia’s diverse urological community.

The scientific program will commence with the Asian Urology Residents’ Course (AURC) on 6–8 September 2027, followed by the UAA Main Congress from 7–10 September 2027, highlighting excellence in clinical practice, research, education, and technological advancement.

We are honored to welcome distinguished international faculty, leading experts, and industry and pharmaceutical representatives from across the region, all of whom will contribute to a dynamic and engaging scientific program while supporting the advancement of urology. We encourage all participants to actively engage in the sessions and discussions as we collectively shape the future of Asian urology and reinforce the spirit of unity within our diverse professional community.

On behalf of the Organizing Committee, it is our sincere pleasure to welcome you to Bangkok. We hope you find the congress scientifically rewarding, professionally enriching, and personally memorable.
